

SAV Mainz-Laubenheim

Official Announcement: International Sports Acrobatics Competition Gutenberg-Cup 2016

Introduction

The SAV Mainz-Laubenheim is pleased to invite you to our International Acrobatic Gymnastics Tournament; the "Gutenberg Cup".

For the 17th year in a row, we welcome you in the state capital Mainz.

Name giver of the Cup is the most famous son of the city Mainz, Johannes Gensfleisch, called Gutenberg (*about 1400 in Mainz; † 03.02.1468 in Mainz). He is considered the inventor of modern printing with movable metal type printing and the printing press. The use of movable type from 1450 revolutionized the traditional methods of book production which triggered a media revolution in Europe. Gutenberg's invention spread rapidly throughout Europe and later around the world and is considered a key element of the Renaissance. Especially his main work, the Gutenberg-Bible, produced between 1452 and 1454, the work is generally famed for their esthetic and great technical quality. (Origin: Wikipedia)

Mainz

In the center of the old town, opposite the cathedral, is the Gutenberg Museum. There you can get further information about the life and work of Johannes Gutenberg (www.gutenberg-museum.de). The over 2000 year old city offers many other attractions: the picturesque historic 'Altstadt'(Old Town), the citadel, the 'Mainzer Dom' (cathedral), the Museum of Carnival (Mainz is one of the most famous cities of Carnival), but also Parks, museums and much, much more.
